PREPLEET / SAMPLE ONE-PAGER

A clear approach to guesstimates

Static sample download. Guide-specific PDFs will follow.

1. Clarify

Agree on the quantity, geography, and time period.

2. Structure

Choose top-down or bottom-up and explain why.

3. Segment

Use groups that do not overlap and cover the problem.

4. Estimate

Use round numbers and give a reason for each assumption.

5. Sanity-check

Compare the result with a familiar reference point.
